Brocēni Forest Park – a place for nature lovers and active recreation

Brocēni Forest Park is a popular leisure destination where visitors can enjoy peaceful walks in nature or spend time actively with family and friends. The park features an approximately 3 km long network of walking trails through pine forest, which connects to the Ciecere Lake walking trail running along the lakeshore almost to the Forest Park.

At the beginning of summer, visitors are especially delighted by over 60 blooming rhododendrons, creating a colourful and scenic environment. The park also offers several well-equipped rest areas, including benches, picnic spots, and landscaped surroundings along the Dūņupīte stream.
